Did you like the video? Find it useful? Want to hear more? Of course you want. You are only human! Why .? Why should I trust you? I never saw you. You say you know me It is not true. You just want to fool me. How can I trust you if I haven't seen you? It's true. But I couldn't fool you because I see you. I see your mind, your memory, your attitude to life. You can deceive your body because your heart and your brain do not know about the deception. I am not deceiving you! I can't lie to you. I see you, I see your personality, your worldview. I see what you want.
